

## NDCC INSIGHTS

# ELECTRONIC HEALTH RECORD WORKFLOWS

Practical approaches for GUIDE and comprehensive dementia care providers.

**Date:** Wednesday, February 11, 2026

**Time:** 3:00–4:00 PM ET | 12:00–1:00 PM PT

**Format:** Free virtual webinar

### About the Webinar

This webinar, led by UCLA's Alzheimer's and Dementia Care Program, will provide practical guidance on optimizing electronic health record (EHR) workflows to support dementia care providers participating in CMS's Guiding an Improved Dementia Experience (GUIDE) Model. The webinar will cover documentation strategies and ways to optimize the EHR workflows required for GUIDE delivery. Attendees will leave with actionable insights to improve efficiency, compliance, and quality of dementia care delivery within their EHR systems.

### Who Should Attend

- Health system leaders and administrators
- Dementia care program staff
- Social workers, nurses, and care managers
- Primary care and specialty clinicians

### FEATURED SPEAKER

**Kemi Reeves, DNP, MBA**

Associate Director

Alzheimer's and Dementia Care Program  
University of California, Los Angeles

Dr. Reeves plays an integral role in training and onboarding staff, supporting administrative workflows, and implementing the CMS GUIDE Model at UCLA. The UCLA ADC Program was established in 2012 and provides comprehensive, coordinated dementia care for persons with dementia and their loved ones.
